

Emergency Shower & Eyewash Station Mat No. 465

BEST Performance

Designed for use under emergency showers or eyewash stations, these mats keep accident victims from slipping and raise them above the overflow area as the hazardous chemicals are washed away. Created for overall functionality with a high-traction surface design and drainage ports, the highly visible yellow borders are 6" wide with a gradual slope for easy access. Following the

ANSI Z535.1-1998 Standard, Red (RDYL) is for emergency showers and Green (GNYL) is for eyewash areas.
